

# ***Street Closing/Restriction***

## ***Public Information Notice***

December 15, 2025

### **OPW 54353 - Cole Creek Military Avenue Culvert Replacement**

On Monday, December 15, 2025, Military Avenue between North 70<sup>th</sup> Circle and North 67<sup>th</sup> Street was closed for culvert replacement construction by Hawkins Construction for the City of Omaha and will be in effect until May 2026.

The scope of this project is to provide a long-term solution for the failing 11 foot diameter, 100 foot long 4-ring brick concrete culvert by replacing it with twin 10 foot x 9 foot precast concrete box culverts and cast-in-place concrete headwalls and wingwalls designed and constructed to current standards and specifications. Similar to the existing culvert, pipe penetrations from intersecting storm sewer lines are to be accommodated by the proposed structure.

A posted detour is provided as attached. Regional traffic should consider other alternative routes to minimize possible congestion.

More information and project updates will be provided [here](#).

If you have any comments or questions, please contact the City's Project Manager Patrick Nagle with the Construction Engineering Division, (402) 444-6960.
